FOR IMMEDIATE RELEASE

Register for the Upcoming Rain Barrel Workshop in Seabrook, Texas

Houston, TX – June 10, 2016 – Galveston Bay Foundation (GBF) invites you to attend a Rain Barrel Workshop at the Seabrook Community House on Saturday, June 25th from 9:30am to 11:30am. Rain barrels are an efficient, low-cost method for collecting rainwater. They are placed at downspouts in order to catch rain and reduce runoff from reaching storm drains. Accumulated rainwater can be used for watering a garden or houseplants, washing your car, your dog and more! Attendees at this workshop will learn the benefits of rain barrels and how to use them, as well as proper location and installation for the barrels. This workshop is part of GBF's efforts to reduce stormwater pollution, conserve water, and keep Galveston Bay fishable and swimmable.

Pre-registration is required. The cost is \$35, which includes one rain barrel and kit, and admission to the workshop for two people. To register, visit www.galvbay.org/rainbarrel. Contact Sarah Cunningham at scunningham@galvbay.org or 281-332-3381, extension 220 for more details. Space is limited, so register soon!

This workshop is made possible thanks to the following sponsors: LyondellBasell, Coca-Cola Bottling Company, and the City of Seabrook.

About the Galveston Bay Foundation

The mission of the Galveston Bay Foundation is to preserve, protect, and enhance the natural resources of the Galveston Bay estuarine system and its tributaries for present users and for posterity. The Foundation was incorporated in 1987, and is a non-profit organization under Section 501 (c)(3) of the Internal Revenue Code. GBF is located at 1100 Hercules Avenue, Suite 200 in Houston, Texas. For further information contact GBF at 281-332-3381 or visit the website at www.galvbay.org.
